BE IT FURTHER RESOLVED, that within any Pay Plan, if adjustments occur on the same date, the adjustments shall be applied in the sequence the adjustments are presented herein,

AND, IT IS RESOLVED FURTHER that no compensation changes shall be granted which would have the effect of increasing the fiscal year 2016-2017 base cost for compensation above the amount adopted for any of the pay plans, and further clarified as follows:

- a. **As An Example:** Assume the compensation resolution provides sufficient funds to provide a pay plan group of employees with a 2% salary increase effective July 1, the cost of the increase can be determined to be the cost of salaries before the increase (the salary base) times 2%. For purposes of this example, assume the base is \$1,000,000; the cost of the increase would be \$20,000. The requirements of this resolution are that the salary base for fiscal year 2016-2017 will not exceed the base for fiscal year 2015/16 plus the fiscal year 2015-2016 increase, or \$1,020,000.

The baseline for fiscal year 2015-2016 may be exceeded to the extent that the Personnel Rules allow the County to hire new employees (to include lateral transfers (subject to availability of funding), voluntary grade decreases and demotions) up to the midpoint of the salary range with County Administrator's approval. If the salary that is offered to the new employee does not exceed the midpoint, but does exceed the position of the employee formerly holding the position, the baseline amount can be exceeded:

1. To comply with the County Personnel Rule Chapter III, section G, requirement that an employee receiving a promotion shall receive the greater of a 5% increase, or the amount necessary to reach step 1 of the new grade (excluding agency heads). The Human Resources Director may approve promotional increases above 5% and up to the midpoint based on an appointee's qualifications and the needs of the department.
2. To comply with the County Personnel Rule Chapter II, PR-212, allowing a retention adjustment to be made to increase an employee's salary up to 10% in order to retain employees that possess knowledge and skills that would be difficult to replace in Yuma County.
3. To comply with state or federal mandates.
4. To administer normal step increases in the existing Attorney, Regular, and Judicial Merit plans, or
5. To accommodate the annualized salaries of new positions added during the fiscal year specifically by the Board of Supervisors.
